HELP WANTED!!!

As a club committee we are very thin on the ground and often find ourselves inundated with things that need to be done. We have started to pay for jobs that we as a club could do if everyone could give a little bit of their time.

We have a number of jobs that need doing maintenance wise and one of these is the **painting** of the kick boards along the fence line and the bottom half of the clubrooms.

If you can help with this please email the committee president@mtc.co.nz with your availability so we can get started on this important job.

Another ongoing job is the **maintenance of the lawns and weed spraying**. Over the years we have had members do this on a monthly basis. This work has been done so far by a committee member who already has a huge portfolio on the committee and we would ideally like someone to put their hands up.

In summary , the committee is very small who puts in a lot of hours in the management of our club and we would dearly love our members to put their hands up to help with one off and regular maintenance jobs, and if you really feel good about volunteering now is a fantastic time to join the committee!

Club Committee Membership

Our committee is really small and we need more hands on deck to help manage the club. So please email to president@mtc.co.nz if you're interested in lending a helping hand!
